

3Shape seeks CAD/CAM Support Technician, New Providence NJ

3Shape is looking for a highly motivated CAD/CAM dental technician oriented person with strong communication skills to support and train our American customers. You will be based in our office in New Providence, NJ and should expect travelling both domestically and internationally.

We are currently building our US office responsible for business development and support to our American customers and need to add one more support staff to our organization. Being in daily contact with the customers and helping them to use the 3Shape products optimally, you will be a key member of our US team.

You have an IT support background preferably with CAD/CAM experience or other good IT skills and have the ability to communicate advanced topics to users with very different backgrounds. Your primary responsibility is to offer CAD/CAM software and hardware support (approx 2/3) and do scanner hardware repairs (approx 1/3) to our partners and customers and also be ready for pre-sale support.

We seek a colleague with competencies within several of the following fields:

- Previous experience from support function
- Basic technical understanding of software and engineering problems
- General Microsoft Windows (XP, Vista etc.) knowledge Database (MSSQL) administration knowledge

About us

3Shape A/S is a Danish company specializing in the development and marketing of **3D scanners and CAM/CAM software solutions** for the use, creation, processing, analysis and management of high quality 3D data.

Working at 3Shape

Become part of an international success, financially as well as product wise. As an employee, you have plenty of room to both **make a difference and fulfil personal ambitions** in a very knowledge intensive and challenging environment.

3Shape Technology

Through the relentless drive for new digital innovation by 3Shape, we claim to be **the most extensive and versatile CAD/CAM system** on the market.

- General Network knowledge (incl. understanding the concepts of client-server solutions)
- Hardware construction/repair experience
- Knowledge of supporting Dental Laboratories and/or 3Shape products will be an extra plus
- Outgoing and a team player

In addition you are:

- Customer oriented
- Fluent in English verbally and in writing
- Spanish will be a plus
- Motivated by being part of an entrepreneurial environment where you are expected to take a broad responsibility

We offer:

- A professional challenge in a highly dynamic business environment
- A competitive compensation
- The possibility to be part of an ambitious, successful company

If this description corresponds to your profile and you would like to apply, please contact us preferably by e-mail at: recruit@3Shape.com. Please attach your Resume, grades and other relevant information.

3Shape going Global

3Shape is headquartered in Copenhagen, with development teams in **Denmark** as well as the **Ukraine** and own production site in **Poland**. In early 2009 we opened Sales and Support Offices in New Jersey, **USA** and Shanghai, **China**.

Our People

Employing and developing the right people is an important key to 3Shape's success. We want to be the **best within our business**, an ambition which has created a true **fighting spirit** throughout the company - with lots of commitment and courage, and a professional attitude towards business.
