3Shape to Launch New Solutions at Chicago Midwinter

Copenhagen, February 13, 2019 – 3Shape, the leading 3D scanner and CAD/CAM global dental software provider, to launch two brand new solutions at the Chicago Midwinter event.

3Shape will unveil the two new solutions at its press event taking place Thursday, February 21 at 10.00 AM (CST), booth #5027.

3Shape will additionally showcase updated software and hardware solutions for both dental practices and labs. All 3Shape solutions can be hands-on demoed at the 3Shape Midwinter and LMT LabDay booths.

3Shape solutions for dental practices

Updates for practices include the upcoming 3Shape TRIOS MOVE, now with a larger 15.6” screen. The BDIA’s “Innovation of the Year” 2018 award-winner, TRIOS MOVE features a fully-adjustable screen so that doctors, staff and patients never have to move to see the screen. They just move the screen around instead to review intraoral scans and treatment proposals.

3Shape will also showcase updated versions of its software: Clear Aligner Studio, Implant Studio and Splint Studio* as well as its patient excitement apps: Treatment Simulator, Smile Design, Patient Monitoring and My3Shape.

3Shape solutions for labs

Updates for labs include, the 2019 version of its leading CAD/CAM solution for labs, 3Shape Dental System. Dental System 2019 adds significant upgrades including powerful advancements to its denture design software.

Labs will also benefit from the updated versions of 3Shape: Clear Aligner Studio, Implant Studio and Splint Studio – solutions that enable labs to simply offer their customers in-demand and highly profitable services.

About 3Shape

3Shape is changing dentistry together with dental professionals across the world by developing innovations that provide superior dental care for patients. Our portfolio of 3D scanners and CAD/CAM software solutions includes the multiple award-winning 3Shape TRIOS intraoral scanner, the upcoming 3Shape X1 CBCT scanner, as well as market-leading scanning and design software solutions for both dental practices and labs.

Two graduate students founded 3Shape in Denmark’s capital in the year 2000. Today, 3Shape has over 1,400 employees serving customers in over 100 countries from an ever-growing number of 3Shape offices around the world. 3Shape’s products and innovations continue to challenge traditional methods, enabling dental professionals to treat more patients more effectively. www.3shape.com
