Drive treatment acceptance and patient experience with award-winning digital dentistry solutions from 3Shape

Special bundle packages on 3Shape TRIOS intraoral scanners available for Midwinter

Copenhagen, February 20, 2020 – 3Shape to showcase its award-winning 3Shape TRIOS intraoral scanners along with warranty, subscription, and software bundle-savings specially-available for Midwinter Meeting 2020.

What to see and do at Chicago Midwinter, 3Shape booth #5028

1) 3Shape TRIOS® 3 Basic intraoral scanner

For dentists seeking to improve patient experience through digital workflows with no compromise to quality of product or support, 3Shape's award-winning TRIOS 3 Basic intraoral scanner is the affordable answer for dental professionals.

3Shape TRIOS 3 Basic intraoral scanner features 3Shape award-winning scanning technology: documented accuracy in independent studies*, renowned for its incredible speed, ease of use with AI scanning, and unrivaled amount of treatment options.

Special bundle package on manufacturer-certified refurbished TRIOS 3 Basic, with laptop, and 3-yr warranty available at Midwinter for \$21,750 MSRP.

2) 3Shape TRIOS® 4 intraoral scanner - WIRELESS

The world's only wireless intraoral scanner and 3Shape's most powerful to date, TRIOS 4 is for dentists wanting the absolute best for their patients and practice. 3Shape TRIOS 4 enables dentist to improve patient experience and drive treatment acceptance with innovative integrations and unique features like instant-heat technology that makes the scanner ready to scan in seconds.

3Shape TRIOS is the seven-time consecutive winner of the Cellerant Award for intraoral scanners. The 3Shape TRIOS 4 includes (FREE) 3Shape excitement and patient monitoring apps to engage and promote case acceptance with patients as well as improve case communications with design and production partners.

3) 3Shape Splint Studio for dental practices

Now approved by FDA, the new 3Shape Splint Studio allows dentists to design all major single-jaw occlusal splint types ready for printing using new generation 3D printers and materials. A new

dedicated and seamless splint workflow for dental practices, with a direct connection to 3Shape TRIOS, will be available this spring.

4) Top of the line chairside bundle with 3Shape TRIOS and Ivoclar PrograMill

3Shape teams up with Ivoclar to launch the ultimate CAD/CAM chairside solution. The single visit dentistry bundle includes the award-winning 3Shape TRIOS 4 intraoral scanner, TRIOS Design Studio chairside software, and the ultra-compact 5-axis PrograMill One milling machine. The fully integrated setup creates a seamless, super-fast and predictable - scanning > design > milling - same day workflow for dental professionals.

5) 3Shape and Bellus3D Dental Pro integration

The smooth integration from 3Shape TRIOS to Bellus 3D Face scan enables you to align TRIOS intraoral scans with the Bellus 3D Face scan. The aligned result can be used in 3Shape Dental System lab software for design of fully facial-driven restorations that reference your patient's individual smile and lip line for superior results and patient care.

All 3Shape solutions can be demoed at 3Shape Midwinter # 5028 - February 20, 2020. Join 3Shape for its 3Shape press conference, February 20, 10.00 AM, room W474A

*Accuracy of 9 intraoral scanners for complete-arch image acquisition: A qualitative and quantitative evaluation - Kim RJ, Park JM, Shim JS, Journal Prosthetic Dentistry, 2018

*A comparison of accuracy of 3 intraoral scanners: A single-blinded in vitro study – Michelinakis G, Apostolakis D, Tsagarakis A, Kourakis G, Pavlakis E, Journal Prosthetic Dentistry, 2019

About 3Shape

3Shape is changing dentistry together with dental professionals across the world by developing innovations that provide superior dental care for patients. Our portfolio of 3D scanners and CAD/CAM software solutions for the dental industry includes the multiple award-winning 3Shape TRIOS intraoral scanner, the upcoming 3Shape X1 CBCT scanner, and market leading scanning and design software solutions for dental labs.

Two graduate students founded 3Shape in Denmark's capital in the year 2000. Today, 3Shape has over 1,600 employees serving customers in over 100 countries from an ever-growing number of 3Shape offices around the world. 3Shape's products and innovations continue to challenge traditional methods, enabling dental professionals to treat more patients more effectively. www.3shape.com
