## 3Shape partners with Sevāredent to supply its GPO members with 3Shape solutions

**Copenhagen, September 19, 2022** 3Shape today announced an agreement with Sevāredent Sourcing Solutions, a Group Purchasing Organization (GPO) that brings together like-minded dental organizations to drive supply chain savings and operational efficiencies. The agreement calls for 3Shape to offer its award-winning digital dentistry solutions and training and support services to Sevāredent’s member Dental Service Organizations (DSOs) representing more than 1,800 practices across the USA.

“As part of our ongoing effort to help bring innovative technologies and supply chain value to our GPO members, we are truly excited about this direct partnership with 3Shape. They are well positioned from a technology, service, and support standpoint to aid our DSO members who wish to embrace a digital experience,” said Blake Hibray, Sevāredent President.

Sevāredent DSO members will now have access to 3Shape solutions like 3Shape TRIOS, the unprecedented ten years in a row winner of the Cellerant Best of Class award for intraoral scanners, 3Shape Unite, and 3Shape CAD dental design software apps.

“The partnership is very exciting for 3Shape. Sevāredent is a well-respected supply chain solutions partner for their member DSOs. We believe that the move will truly help to accelerate digital dentistry throughout the states, while solidifying our position as a leading global provider. We look forward to working closely with Sevāredent and its member organizations to help them deliver exceptional patient care,” said Jakob Just-Bomholt, 3Shape CEO.
