DENTAL LABS CAN NOW DO MORE DIGITALLY WITH NEW 3SHAPE SOLUTIONS

- *New 3Shape Lab Management Software (LMS)*
- *New dual model 3Shape F8 lab scanner*

Copenhagen, March 14, 2023 – IDS attendees are invited to hands-on demo 3Shape’s two new solutions for dental laboratories: 3Shape LMS and the dual model 3Shape F8 lab scanner.

3SHAPE LMS MAKES EVERYTHING EFFORTLESS

“3Shape is now helping labs to go next-level digital in an entirely new way. 3Shape LMS provides them with cloud-based integrated workflow management for all types of cases, both digital and analog. We believe that the LMS will empower labs to be more efficient in their everyday tasks and to nurture client relationships through improved customer communications and the detailed tracking of orders, cases, and invoices,” says Rune Fisker, 3Shape Vice President of Product Strategy.

Three ways 3Shape LMS helps labs manage their business:

1. **ORGANIZE EVERY CASE** - 3Shape LMS saves labs time by managing all digital and analog cases in a single, simplified, and compliant system so labs can meet their deadlines easier.
2. **TRANSFORM EVERY CLIENT RELATIONSHIP** - Designed for transparency, 3Shape LMS helps labs manage doctor expectations and effortlessly collaborate with partners through communication portals and a smartphone App.
3. **STREAMLINE EVERY TASK** - 3Shape LMS reduces a lab's administrative and data entry with efficient management of production lines, billing, and integrated workflows with TRIOS and Dental System. 3Shape LMS can be used in the lab or remotely.

The new 3Shape Lab Management Software (LMS) is available in two versions: 3Shape LMS Essentials and 3Shape LMS Premium. 3Shape LMS Essentials focuses exclusively on case management and will be available globally later this year. It is free to use. 3Shape LMS Premium, which will include case management, client communication, and lab efficiency tools such as billing and production scheduling, is available now in a limited open beta version for select regions.

3SHAPE F8 LAB SCANNER

“For a lab, every second counts,” Lee Culp, CDT and CEO of Sculpture Studios.

With that sentiment in mind, 3Shape introduces the new dual model 3Shape F8 lab scanner.

The F8 lab scanner provides labs with unparalleled productivity via incredible scan speeds, dual model scanning, and its unique magnetic place-and-scan operation and open design. F8 innovations minimize the number of interactions a lab technician needs to make with the scanner to save time and improve efficiency.

3Shape F8 highlights:

1. **MORE EFFICIENCY** – Reduce technicians' hands-on time with the intuitive place-and-scan design.
2. **MORE VERSATILITY** - Deliver a complete range of quality services to your doctors with less effort.
 - Scan the articulator in an upright position
 - Triple tray impression and die scanning in one go
 - Die-in-model scanning and all-in-one scanning
 - Scan accuracy – 4 Microns (ISO 12836)
3. **MORE SPEED** - Stay on top of your caseload with lean, automated scan-to-design workflows.

The F8 lab scanner is now available in the EU, the UK, and USA. Please contact a 3Shape reseller, 3Shape representative or check 3Shape.com for availability and purchasing.

3Share F8 MSRP:

€23,500 in EU and Switzerland

\$24,900 in USA

About 3Shape

3Shape was founded in 2000 by two people determined to unlock opportunities in 3D digital technology. From two, we've grown to over 2,000 – and from our beginning in Denmark, we're now present in over 100 countries around the world.

Our singular purpose remains the same – to advance and connect medical professionals and patients.

We drive progress in digital dentistry with groundbreaking, industry-recognized scanners for clinics and labs. And connect dentists and technicians with software workflows that just flow. We advance and coach professionals on every step of their digital journey – helping to truly elevate the customer experience.

Our impact is reflected in the results we achieve. Every second of every day, our award-winning products restore the confidence of a patient. Decisively going beyond products, we bring ongoing training and education that not only helps professionals stay relevant, it puts them ahead of the game.

We actively advance and connect dentists and lab technicians – the people who are the backbone of the industry. Advance. Connect. Together.
